Seeking: *Remote Work/ on-site:maybe*

Spanish/English

Location: *Los Angeles*

Hello,

Current projects at: ZenCodeMaster.com

for *frontend/backend* ranging from **Rails, ExpressJs, Angular2, Ruby, html, css, javascript, Typescript, Node, OOP, MVC, HTTP, APIs**, etc ...

I am seeking a team to join.

I have a **logical mentality** and a **willingness to learn** and open up to new routines, styles and personalities.

My personal goal is to develop software remotely. Onsite: maybe,

Please accept my resume for your consideration.

Thank you,

Sergio
